## Vincent Massey Collegiate

The new High School is named in honor of the Hon. Vincent Massey.

Vincent Massey, born in 1887 in Toronto, Ontario, received his education at St. Andrews College, Toronto, University of Toronto and the Balliol College, Oxford, England.

In 1913-15 he became Lecturer in Modern History, at the University of Toronto and Dean of Residence at the Victoria College. From 1926 to 1930, he was the first Canadian Minister to the United States. His next post was that of High Commissioner for Canada in the United Kingdom from 1935 to 1946. In 1949, he became Chairman of the Royal Commission on National Development in Arts, Letters and Science. He was appointed Governor General of Canada in January, 1952, and assumed office in February 28th, 1952.

Vincent Massey was the first Canadian to represent the British Crown in Canada. He conducted himself with such distinction that his term was extended to 1959. He travelled widely in Canada and was the first Governor General to fly over the North Pole.

The Massey family has been prominent in Canadian cultural life for several generations. Its first major contribution was Hart House in the University of Toronto and the founding of the famous Hart House Quartette.

Vincent Massey, as the latest scion in this distinguished family, made his greatest contribution in the field of education and the arts, to which he was able to give an element of national scope and inspiration. It was through his efforts that the Canada Council was formed, which has already in the few years of its operation done so much to encourage Arts and Letters in Canada. Mr. Massey has been a prominent scholar and man of letters in his own right and has done much through his speeches and publications to give Canada a new sense of cultural integrity.
